## COHESION

At Artistica Home, we believe that exceptional furniture design is a creative art. Our passion for innovation is grounded in the belief that your home is the ultimate reflection of personal style.

As a result, the Artistica portfolio features original designs that are carefully curated and decidedly chic. The brand aesthetic has, at its foundation, three creative imperatives - an eye for timeless historical references, a relentless pursuit of unique materials, and a commitment to artisan craftsmanship and custom finishes.

The Cohesion Program features a compendium of dining room, bistro and great room designs available in your choice of three distinctive finishes – Antico, Bianco, and Grigio. Designs are crafted from mahogany solids and veneers, wire-brushed to highlight elegant grain lines in the wood, and finished to a relaxed matte patina with a dry silky hand. Dining chairs, bar and counter stools are offered in standard fabrics, but are also available in your choice of custom fabric, leather or customer's own material. Artistica Home maintains a stocking position on the Cohesion portfolio at the company's distribution complex in North Carolina to facilitate immediate delivery.

# COHESION FINISH PROGRAM

Mahogany solids and veneers with hand wire brush graining.

Cohesion features three distinct wood finishes – Antico, Bianco, and Grigio – all boasting a heavy wire brushing on mahogany solids and veneers, and each with a dry, silky hand.

Design motifs from three centuries are updated and casualized, with over 30 unique styles capturing the spirit of traditionalists as well as those embracing light, airy, contemporary living.

Each finish grants a given silhouette a different lifestyle personality, with textural colorations highlighting a natural palette of neutrals including cool grays, linen whites and warm, rich wood tones.

In addition to a wide range of chairs and stools available in all Cohesion finishes, we also offer a selection of companion upholstered chairs and stools married to specific finishes, pages 45-47.

# DINING TABLES

The Emissary Dining Table features a 96" slab top of wire brushed mahogany standing on a decidedly architectural long pedestal base with substantial posts and a chamfered trestle effect where it meets the floor. Shown here in the Antico finish with our Madox chairs (pages 39-40) in special order fabrics.

Transitional design in mahogany solids and veneers, and select hardwoods

Our beautiful Juliet Arm Chairs with casters (above and page 45) offer a sculptural counterpoint to Emissary's perpendicular architectural lines. Shown here in Antico (above and below left) and Bianco (below right). Please see pages 45-47 for a full range of Cohesion Correlate chairs.

Versatility makes the Brio extension our most popular dining table. Clean lines and design details like the chamfered shapes on both the bases and the slab top make it a perfect anchor for a wide range of our chair styles, and an extension range of 88" to 124" with two leaves means it can accommodate up to twelve. Shown here in Bianco with our Nico Side Chairs (pages 37-38) in the standard Cohesion fabric.
