OUTDOOR LIVING

# Harbor Isle

Elevated outdoor living has been called the ultimate luxury, and the relaxed and casual aesthetic of coastal styling remains the most coveted look in those spaces. The Harbor Isle collection from Tommy Bahama Outdoor Living features bases with classic turnings and tapered legs, thick cast aluminum tops with intricate woven patterns, and a sophisticated walnut finish.

Designs are generous in scale, accommodating today's larger entertaining spaces. The dry-brushing effect on aluminum surfaces is applied entirely by hand, producing a finish that looks remarkably like wood. Deep seating silhouettes feature clean lines and a distinctive basket weave pattern of all-weather wicker, along with extra plush cushioning that ensures a level of comfort equal to that of fine indoor upholstery. Explore the fresh new look of alfresco living with the signature style of Tommy Bahama.

18 dia. x 21H in.

### 3100-UBWT Extra Ballast Weight

30 pounds; not shown

The extra ballast weight is for stability against winds, but is not required for use with umbrella stand.

## THE FINEST MATERIALS

### ALUMINUM FRAMES

Tommy Bahama Outdoor Living frames are engineered for strength and built to last using cast or wrought aluminum. Joints are precision-welded for strength and durability, then ground and polished by hand to ensure a smooth and seamless look.

### CUSTOM FINISHES

Finishes on Tommy Bahama Outdoor Living products are specially formulated, with custom base coats and painstaking handwork, to achieve a unique look. Durable powder-coated finishes are baked onto the aluminum frames, ensuring that they are colorfast and highly resistant to damaging UV rays. Finishes are also corrosion and scratch resistant. The element that sets these designs apart is meticulous handwork using techniques like dry brushing, padding, burnishing and texturing which result in a product that emulates fine indoor home furnishings.

### GFRC TOPS

Certain table tops are made with Glass Fiber Reinforced Concrete - a proven outdoor building material that has been in use commercially for over 35 years. It is known for its strength, weight, durability and unique thermal flexibility in all-weather environments. Please see care and maintenance instructions at [TommyBahamaOutdoorLiving.com](http://TommyBahamaOutdoorLiving.com) for specific details.

### TEAK

Certain collections incorporate natural teak components. Tommy Bahama Outdoor Living uses only the finest quality plantation grown, sustainably-sourced teak in its designs. The indigenous color of teak is golden brown. With age, the patina turns to an elegant silver tone. Electing to regularly oil the teak will cause it to retain its original color longer. Most prefer to allow it to age naturally. Please see care and maintenance instructions at [TommyBahamaOutdoorLiving.com](http://TommyBahamaOutdoorLiving.com) for specific details.

## PERFORMANCE FABRICS

Creating a seamless transition from an elegant interior to a stylish outdoor space is the essence of luxury living. Fabrics must have the sophisticated look and luxurious hand of residential textiles as well as performance attributes to withstand extreme outdoor conditions. The Tommy Bahama Outdoor Living program includes fabrics and trims from industry leaders in performance fabric technology, whose attributes include the following:

The Tommy Bahama Outdoor Living program includes fabrics and trims from industry leaders in performance technology. A "performance fabric" is one with the following attributes:

- Colorfast dyes that are highly resistant to fading from UV exposure
- Fibers that are inherently resistant to mold and mildew
- A tight weave to withstand the wind and elements
- A durable finish for superior stain and water resistance

## WEATHERGUARD™ UPHOLSTERY CUSHIONS

The exclusive Tommy Bahama Outdoor Living WeatherGuard™ cushion is engineered to be highly water resistant, mildew resistant and anti-microbial, while offering the most comfortable seating in the industry. In fact, the comfort is superior to most fine indoor upholstery. The unique construction consists of (4) distinct layers.

- The inner core is 1.8 lb. density, high-resiliency foam that provides unparalleled support, functioning like a box spring in premium bedding. It is both mold and mildew resistant.
- The second layer is soft-cell foam, designed to provide a relaxed but supportive seat, like a plush mattress.
- The third layer is spun polyester fiber, which is inherently anti-microbial and functions like a pillow-top, offering down-like comfort and a luxurious "crown" to the cushion.
- The fourth layer is a wrapping of water resistant non-woven ticking that is thermally sealed to prevent water penetration into the layers below.

## CARE AND MAINTENANCE & WARRANTY INFORMATION

Please see your authorized Tommy Bahama Outdoor Living dealer, or visit our website at [TommyBahamaOutdoorLiving.com](http://TommyBahamaOutdoorLiving.com) for care and maintenance instructions and warranty information.

## NOTE TO FURNITURE RETAILERS:

Possession of this catalog does not constitute the authority to purchase, nor does the furnishing of this catalog constitute an offer by the Company to sell any of the items contained herein. Lexington Home Brands ("Lexington") reserves the right to alter specifications or discontinue items at any time without advance notice. All price lists and catalogs remain the property of Lexington, and may not be copied or in any way duplicated without the express written consent of the Company. They must be returned or made available, without cost, to Lexington promptly should the business relationship be terminated by either party. Failure to observe this restriction may result in the termination of Lexington's relationship with the dealer, legal action or both.

## MANUFACTURING NOTES:

In order to provide our customers with the best possible quality and value, this collection includes items or components produced outside the United States. All Lexington furniture is produced to Lexington's design and material specifications and crafted to meet the highest quality standards. Please note that, in the catalog printing process, color may vary. It is always recommended that you view the collection in person at an authorized dealer.
