MACARTHUR PARK

The most compelling designs often originate from creatively blending contrasting styles. While merging elements of classic and contemporary might seem unexpected, their combination yields a fresh, clean, dramatic look – and a highly relevant approach to modern luxury living.

Classic lines and rich finishes on Walnut veneers lend a timeless familiarity to the designs, while brushed stainless steel inlays and custom hardware highlight the collection's strong contemporary vibe. Accents of faux shagreen, translucent Veracruz stone and brushed stainless bases add an interesting, understated edge to the aesthetic.

MacArthur Park reflects a lifestyle best described as classic contemporary. The collection is designed for today's new traditionalists, seeking an updated look that retains a connection to the past.

We believe that juxtaposition is the essence of original design and that classic style and a cool demeanor are never mutually exclusive.
