For those who appreciate clean contemporary lines, the Mandarin bed makes a bold statement, with strong horizontal wood accents on the upholstered headboard and complementary upholstered panels on the side rails and footboard.

The headboard of the Shanghai bed showcases an elegant Pan-Asian fretwork design, highlighted by a contrasting dark walnut back panel. The side rails and feet also offer accents in the dark walnut finish. The Shanghai is available as a complete bed or as a headboard only. The Midori benches complete the look with slatted concave seats.

Banyan Oval Accent Table
 31.25W x 20D x 29H in.

The Banyan oval accent table is designed to work as a nightstand or a lamp table. The soft oval shape features a geometric block design with interesting surface relief. The top is a random stone veneer pattern in warm shades of ivory and taupe.

The Sendai nightstand is functionally unique in its design. The drawer box can be moved vertically. With the drawer box in the low position, it creates a soft gallery effect on the ends. Shown below, the box is in the upper position, allowing easy access from the height of premium bedding. This piece also works beautifully as a lamp table.

Increasingly, bedrooms are offering shorter walls. The Hana night table was designed to accommodate those spatial constraints, offering great design and the function of a storage drawer while maintaining a small footprint in the room.

The contemporary molding surrounding the hardware draws attention to the design by framing it on the piece. The feet and base rail of both designs feature a contrasting dark walnut finish.
