Valley View

Tommy Bahama
OUTDOOR LIVING

Los Altos Valley View

The line between interior and exterior spaces continues to blur as those who entertain want their indoor and outdoor rooms to display a sense of design continuity. Los Altos Valley View offers a global view of casual transitional design, blending the visual interest of Southwest styling with elements like natural Mactan stone and unique woven and braided patterns that emulate natural banana leaf from the tropics. The custom finish on aluminum surfaces is dry-brushed by hand with layers of color that emulate the rich aged patina on wood.

Dining and occasional pieces feature thick aluminum tops with intricate patterns and softened edges. Occasional tables showcase a textured aluminum surface that translates as wood grain with remarkable effect. Deep seating designs, including a versatile sectional, offer a variety of options for elevating the look of any outdoor living space with the signature style of Tommy Bahama.

DETAILS

Los Altos Valley View offers a global view of casual transitional design, blending the visual interest of Southwest styling with elements like natural Mactan stone and unique woven and braided patterns that emulate natural banana leaf from the tropics. The custom finish on aluminum surfaces is dry-brushed by hand with layers of color that emulate the rich aged patina on wood.

DINING TABLE TOP CONFIGURATIONS

ACCENT PILLOWS

To further customize your outdoor upholstered seating, seven different sizes and shapes of accent pillows are available, with or without welts. Pillows feature 100% all-weather fiber in a water resistant ticking that is thermally sealed to prevent water penetration.

DECORATIVE TRIMS, FRINGES, TAPES AND CONTRAST WELTS

Numerous trim options are available on accent pillows, including contrast welts in any fabric as well as decorative cords, fringes and tape treatments. Please see the Tommy Bahama Outdoor Living price list for details.

THE FINEST MATERIALS

ALUMINUM FRAMES

Tommy Bahama Outdoor Living frames are engineered for strength and built to last using cast or wrought aluminum. Joints are precision-welded for strength and durability, then ground and polished by hand to ensure a smooth and seamless look.

CUSTOM FINISHES

Finishes on Tommy Bahama Outdoor Living products are specially formulated, with custom base coats and painstaking handwork, to achieve a unique look. Durable powder-coated finishes are baked onto the aluminum frames, ensuring that they are colorfast and highly resistant to damaging UV rays. Finishes are also corrosion and scratch resistant. The element that sets these designs apart is meticulous handwork using techniques like dry brushing, padding, burnishing and texturing which result in a product that emulates fine indoor home furnishings.

GFRC TOPS

Certain table tops are made with Glass Fiber Reinforced Concrete - a proven outdoor building material that has been in use commercially for over 35 years. It is known for its strength, weight, durability and unique thermal flexibility in all-weather environments. Please see care and maintenance instructions at TommyBahamaOutdoorLiving.com for specific details.

TEAK

Certain collections incorporate natural teak components. Tommy Bahama Outdoor Living uses only the finest quality plantation grown, sustainably-sourced teak in its designs. The indigenous color of teak is golden brown. With age, the patina turns to an elegant silver tone. Electing to regularly oil the teak will cause it to retain its original color longer. Most prefer to allow it to age naturally. Please see care and maintenance instructions at TommyBahamaOutdoorLiving.com for specific details.

PERFORMANCE FABRICS

Creating a seamless transition from an elegant interior to a stylish outdoor space is the essence of luxury living. Fabrics must have the sophisticated look and luxurious hand of residential textiles as well as performance attributes to withstand extreme outdoor conditions. The Tommy Bahama Outdoor Living program includes fabrics and trims from industry leaders in performance fabric technology, whose attributes include the following:

The Tommy Bahama Outdoor Living program includes fabrics and trims from industry leaders in performance technology. A “performance fabric” is one with the following attributes:

- Colorfast dyes that are highly resistant to fading from UV exposure
- Fibers that are inherently resistant to mold and mildew
- A tight weave to withstand the wind and elements
- A durable finish for superior stain and water resistance

WEATHERGUARD™ UPHOLSTERY CUSHIONS

The exclusive Tommy Bahama Outdoor Living WeatherGuard™ cushion is engineered to be highly water resistant, mildew resistant and anti-microbial, while offering the most comfortable seating in the industry. In fact, the comfort is superior to most fine indoor upholstery. The unique construction consists of (4) distinct layers.

- The inner core is 1.8 lb. density, high-resiliency foam that provides unparalleled support, functioning like a box spring in premium bedding. It is both mold and mildew resistant.
- The second layer is soft-cell foam, designed to provide a relaxed but supportive seat, like a plush mattress.
- The third layer is spun polyester fiber, which is inherently anti-microbial and functions like a pillow-top, offering down-like comfort and a luxurious “crown” to the cushion.
- The fourth layer is a wrapping of water resistant non-woven ticking that is thermally sealed to prevent water penetration into the layers below.

CARE AND MAINTENANCE & WARRANTY INFORMATION

Please see your authorized Tommy Bahama Outdoor Living dealer, or visit our website at TommyBahamaOutdoorLiving.com for care and maintenance instructions and warranty information.

NOTE TO FURNITURE RETAILERS:

Possession of this catalog does not constitute the authority to purchase, nor does the furnishing of this catalog constitute an offer by the Company to sell any of the items contained herein. Lexington Home Brands (“Lexington”) reserves the right to alter specifications or discontinue items at any time without advance notice. All price lists and catalogs remain the property of Lexington, and may not be copied or in any way duplicated without the express written consent of the Company. They must be returned or made available, without cost, to Lexington promptly should the business relationship be terminated by either party. Failure to observe this restriction may result in the termination of Lexington’s relationship with the dealer, legal action or both.

MANUFACTURING NOTES:

In order to provide our customers with the best possible quality and value, this collection includes items or components produced outside the United States. All Lexington furniture is produced to Lexington’s design and material specifications and crafted to meet the highest quality standards. Please note that, in the catalog printing process, color may vary. It is always recommended that you view the collection in person at an authorized dealer.
