LEXINGTON TAKES A MODERN TURN ON CLASSIC DESIGNS WITH *BLACK ICE*

LAS VEGAS, NV – A diamond mounted in platinum is a classic. But when the diamond is black, the look is transformed into something extraordinary. **Black Ice** is the latest jewel in the crown of innovative product from Lexington Home Brands. The collection takes its inspiration from classic Campaign styling and energizes the look with a sophisticated satin black finish and striking silver detailing.

“**Black Ice** is a stunning architectural group,” says Phil Haney, president and CEO. “Although its provenance is found in the Campaign era, its clean contemporary lines, unique Carbon finish, and eye-catching silver accents are fresh and exciting. This is a ‘boutique’ group for Lexington, a dramatic look in a small collection that may surprise market goers.”

Black Ice is defined by its bold angular shapes and the striking visual appeal of polished silver against a soft satin black finish. Taking advantage of the wood’s long graceful grain lines, the collection is crafted from Austrian Ash veneers. The Carbon finish offers a dramatic contrast to the glamour of polished silver bases and custom-designed hardware. The iconic X-shaped base on the Crystal Bench and the Tungsten End Table offer both impact and symmetry to any room.

In the bedroom, a blending of midnight leather and Austrian Ash on the Graphite Platform Bed are punctuated with the sparkle of bright silver nailhead trim. The Campaign influence is evident in the polished silver corner brackets on the Zircon Chest and the Magnum Armoire, both of which are supported by dramatic polished silver bases.

The Platinum Dining Table features a silver inlay, adding a contemporary flair to the top and complimenting the clean lines of the polished silver base. The X-shape design is further showcased in etched glass on the Diamond Buffet and the Glacier Display Cabinet. The Mica dining chairs complete the look, upholstered in midnight leather with bright silver nailhead trim.

The **Black Ice** upholstery offering is as clean and sophisticated as a black cocktail dress with silver pendent earrings. The sleek Sapphire Sofa is covered in a soft white leather, while the Moonstone Chair features a polished silver frame and midnight leather. The Opal Chair is a thoroughly modern update of a traditional silhouette, with a high-gloss black lacquer frame and a chic graphic black-and-white fabric.

Bold. Sophisticated. Intriguing. Join us for the debut of a contemporary classic. **Black Ice** will be on display at the Lexington Home Brands showroom, C-1100 at the World Market Center in Las Vegas, September 14–17, 2009.
