Those passionate about modern design find their inspiration in bold, imaginative styling that retains its authenticity and enduring appeal. The most compelling designs start with familiar elements and then captivate the eye with evolutionary lines, remarkable materials and an entirely fresh perspective.

Lexington is pleased to introduce Mirage. The elegance of rich Walnut veneer, the figured patterns of Mappa Buri, and the brilliance of polished stainless steel impart a swagger to chic contemporary lines. Refined metropolitan styling and a convergence of diverse elements embody a lifestyle with the lure of an oasis in a world of modern design.
The figured patterns of Mappa Burl behind Walnut fretwork confer an elegant look on the clean modern lines of the Harlow Bed.
Reversible panels on the Harlow bed offer the option of Mappa Burl behind decorative fretwork as shown here, or Quartered Walnut as shown on the facing page.
Like fine jewelry, the intricate detail of the Mirage ring pulls in a polished silver finish provide a sparkle against the Quartered Walnut and Mappa Burl drawer fronts.

CARING FOR YOUR FURNITURE

WOOD
- Avoid prolonged exposure to direct sunlight
- Do not leave plastic or rubber materials on wood surfaces
- Wipe up spills immediately
- Clean with a reliable non-silicone furniture polish
- Avoid common hazards such as hot dishes (use a protective pad), harsh solvents (nail polish remover, alcohol), and abrasives

BRASS AND METAL
- Maintain with regular dusting.
- Wipe up spills immediately.
- Clean with mild soap and water, dry thoroughly – do not use a brass cleaner (it will damage the lacquer)

LEATHER CHARACTERISTICS
Luxury, durability and comfort are inherent qualities of fine leather furniture. Differences in types of hides, tanning methods and finishes result in wide variations in characteristics. Unique to genuine leather are the natural features like neck wrinkles, scars, scratches, insect bits, stretch marks, grain, backbone markings and color nuances. These variations are not flaws, but features which enhance the natural beauty and character of leather, and will not affect its durability or strength. No two hides are alike, therefore color and texture will vary, and exact matches are not always possible. While leather is the most durable of furniture covers, it still requires routine maintenance and cleaning. To prevent drying and fading, keep leather furniture away from direct sunlight and avoid close proximity to heating sources. Regular dusting with a clean white cloth is recommended. Leather can be scratched, cut and marked with sharp objects just as fabric.

UPHOLSTERY
Never remove cushion covers for separate dry-cleaning or washing. Do not use bleach or any tumble method of cleaning as this may destroy the fabric backing, shrink or otherwise damage the upholstery fabric. See the Lexington Upholstery Catalog for more information on cleaning and product care. For current fabric information, see your Lexington Upholstery dealer.
