INNOVATIVE OFFICE AND MEDIA DESIGNS

Prestonwood

Today's view of traditional design draws inspiration from classic lines, but is intentional about taking a more casual approach to the styling and finish. The result is an elegant, sophisticated look that is both comfortable and inviting. Designs in Prestonwood are crafted from Mahogany in a rich Windsor finish that is gently aged and then hand rubbed to a soft waxy luster, creating the patina of a fine antique. Tops are hand hewn for authenticity.

In keeping with British styling, design details include elegant turned posts, intricate hand carvings, inverted breakfront profiles, raised panel moldings, pediment tops, decorative metal accents and exquisite custom hardware for a look that reflects a modern view of casual elegance.

The refined styling of the Callington writing desk is highlighted by acanthus leaf carvings connecting serpentine legs, a hand-carved stretcher, and an elegant three-section writing surface in a custom tortoise shell finish.

552-880 CAPE VERDE UPHOLSTERED SIDE CHAIR
20.25W x 27.5D x 41.5H in.

The Amesbury executive desk offers ample storage and a working surface with a three section leather top with Greek Key border.

The flanking doors on the Regent Street deck feature antique glass, offering the opportunity to showcase decorative accessories while giving the appearance of a fine antique.

The St. Ives writing desk is as stylish as it is functional, featuring a three section leather top with Greek Key border and a graceful curved stretcher design on the base, connecting hand-carved tapered legs.

The two-drawer Southall file chest is accented with pierced corner brackets finished in antique brass. The locking mechanism for the file drawers is located on the upper right end panel for easy access.

In order to accommodate monitors of any size, Prestonwood offers two different media consoles. The Ashbourne is 61” wide and the Yorkshire is 74” wide. Both offer generous media storage, wire management, and the ability to accommodate the Sligh StrongArm support system. The Ashbourne features an open center section while the Yorkshire encloses media components behind antique glass doors.

FINISH AND HARDWARE

Prestonwood is crafted from Mahogany solids and veneers with hand-hewn tops and moderate distressing. The Windsor finish is a deep russet brown accented by custom hardware in an aged brass finish.

StrongArm® 9000-1-BL
The Sligh StrongArm® TV mount is designed to allow monitors up to 70” in width to float above the entertainment console rather than sitting on a bulky base unit. The unit swivels and articulates to accommodate any viewing angle and incorporates wire management without disturbing the integrity of the wall behind the console.

248WN-400 Amesbury Executive Desk

FURNITURE CARE

Avoid prolonged exposure to direct sunlight or placing plastic or rubber materials directly on the wood surfaces or leather desk tops. Avoid putting hot cups or dishes directly on the wood or leather. Nail polish remover, solvents or alcohol will damage the finish. Wipe up spills of any liquid immediately as they may otherwise mark the finish.

The beauty of Sligh wood furniture and leather top desks can be maintained by periodically using a self-cleaning furniture polish (like Pledge). Self-cleaning furniture polishes maintain luster and provide adequate cleaning under most circumstances.

Brass and other metals are protected with lacquer. Avoid using brass cleaner as it will damage the lacquer. Dust regularly, and for a more thorough cleaning use mild soap and water and dry thoroughly afterwards.

Clean leather executive desk chairs regularly with a dry cloth and vacuum the corners of the seat. Avoid using water, cleaning solvents, soaps or ammonia to clean the leather as it will harm the surface. Feel free to use a leather conditioner once or twice a year.

For fabric executive desk chairs, vacuum following a spill. If stained with oil or grease, clean with a cold rag and dish soap. Otherwise apply upholstery cleaner to the stain and follow the directions.
