INNOVATIVE OFFICE AND MEDIA DESIGNS

Studio Designs

TODAY'S VIEW OF INTERIOR DESIGN ASSUMES THAT EVERY ROOM should reflect the personality of its owner. The home office and media room have become stylish extensions of one's interior décor and two of the most important rooms in the home. While function remains critical, inspired design is the real point of differentiation. Studio Designs blends dramatic styling with custom finishes to create a look that is uniquely yours. We believe that every room deserves to make a statement.

Sligh
INNOVATIVE OFFICE AND MEDIA DESIGNS

SHOWN RIGHT:
100MT-668 Mystique Media Console
 78W x 18D x 36H in.

Crafted from Quartered Zebrano, the Mystique media console is framed with decorative nailhead trim. There are three open compartments at the top, with the middle compartment being wide enough to accommodate a sound bar up to 73-inches. Behind the center doors are two adjustable shelves. Behind each of the outside doors are two additional adjustable shelves. This unit will accommodate the optional Sligh StrongArm® and/or SmartFan®.

100WN-669 Quantum Media Console
 75W x 20D x 36.25H in.

The Quantum media console offers a striking mid-century modern design crafted in Mahogany, with vertical bronze mirror accents on the doors and a brass finished metal base. There are two adjustable shelves behind each pair of doors on the front of the piece. The Sligh infrared SmartEye® is included to control components behind the closed doors, as well as a 5-outlet surge protector. This unit will accommodate the optional Sligh StrongArm® and/or SmartFan®.

100NL-670 Katara Live Edge Media Console
78W x 18.5D x 30H in.

The Katara media console features a polished stainless base, inset Walnut shelves in eight separate compartments and a solid Trembesi live-edge top. The Trembesi tree, indigenous to islands in the South Pacific, has the look and characteristics of Black Walnut. Its natural live-edge offers a striking juxtaposition to the contemporary stainless base, giving the piece a unique designer look. The size and shape of natural tops will vary.

100NL-661 Criss Cross Media Console
72W x 20D x 26H in.

The Criss Cross console is a study in color, character and dimension. Offset blocks of Mahogany, Ash and Birch create an intriguing pattern that looks like contemporary art. There are two adjustable shelves behind the center doors, one adjustable shelf behind each of the outer doors and a five outlet surge protector. This console comes standard with the infrared SmartEye® system and will accommodate the optional Sligh StrongArm® and/or SmartFan®.

I00SR-660 Pacific Isle Media Console
75W x 22.5D x 28H in.

SHOWN LEFT:
I00SB-660 Pacific Isle Media Console
75W x 22.5D x 28H in.

The Pacific Isle console, featuring dramatic Pan-Asian hardware in polished brass, is offered in the Studio Black finish with gold hand striping or in Studio Red with black striping. There are two adjustable shelves behind each pair of doors and ample storage in the three center drawers. The consoles come standard with the Infrared SmartEye® system and will accommodate the optional Sligh StrongArm® and SmartFan®.

100RS-645 Bolton Pier Unit
23.5W x 19D x 78H in.

100RS-667 Bolton Media Console
64.25W x 19D x 26H in.

Crafted in Ribbon Stripe Mahogany with custom hardware in a polished nickel finish, the Bolton series offers design flexibility in configuring your home entertainment space. The pier unit has three adjustable glass shelves in the upper compartment with touch lighting at the top, and a stationary shelf behind the door at the bottom. The media console has two adjustable shelves behind each of the three doors, an infrared SmartEye® unit for controlling media components when the doors are closed and a 5-outlet surge protector. This unit will accommodate the optional Sligh StrongArm® and/or SmartFan®.

**100NL-665
Summerton Media Console**
64.25W x 18D x 27H in.

Gently aged Rustic Mahogany is showcased in a contemporary architectural pattern on the doors of the Summerton media console. There are three adjustable shelves behind each of the three doors, with an infrared SmartEye® unit for controlling media component when the doors are closed, and a 5-outlet surge protector. This unit will accommodate the optional Sligh StrongArm® and/or SmartFan®.

100SK-664 Meridian Media Console
76.25W x 18.5D x 24H in.

The Meridian console features two sliding smoked mirrored doors framed in polished stainless steel. There is one adjustable shelf behind each door and an adjustable shelf in the middle section. This unit will accommodate the optional Sligh StrongArm® and/or SmartFan®.

100ML-663 Caprice Media Console
72W x 18D x 28H in.

The Caprice console is crafted in Quartered Walnut, with Figured Syeamore on the doors and brass ferrules on the feet. There are two adjustable shelves in the center section and one adjustable shelf behind each of the doors. This unit will accommodate the optional Sligh StrongArm® and/or SmartFan®.

9726-I-UM Lumina Media Console
84.5W x 24D x 28H in.

SHOWN LEFT:
9727-I-AP Lumina Media Console
58W x 24D x 28H in.

The Lumina console has a graceful bow front and louvered design motif. It is offered in your choice of the Umber Cherry or Antique Pewter finish, and is available in both 58-inch and 84-inch lengths. The 58-inch design has two louvered doors and the 84-inch design has four doors. Behind each door is an adjustable shelf and it has a five outlet surge protector. These consoles come standard with the infrared SmartEye® system and will accommodate the optional Sligh StrongArm® and/or SmartFan®.

100RW-403 Rosewood Writing Desk
58W x 28D x 30H in.

The Rosewood writing desk features a striking pair of polished stainless steel bases. The black leather top is framed with a stainless steel inlay and Quartered Rosewood around the perimeter.

100NL-405 LaCosta Live Edge Writing Desk
68W x 36D x 30H in.

The LaCosta writing desk features a polished stainless base, Mahogany drawer unit and solid Trembesi live-edge top. The Trembesi tree, indigenous to islands in the South Pacific, has the look and characteristics of Black Walnut. Its natural live-edge offers a striking juxtaposition to the contemporary stainless base, giving the piece a unique designer look. The size and shape of natural tops will vary. The drawer box includes two full extension drawers, with the lower drawer accommodating legal or letter files.

100WW-406 Andrea Writing Desk
62.25W x 28D x 35.5H in.

With a polished stainless base and Quartered Walnut top and gallery, the Andrea writing desk offers a great design statement for the home office. The top shelf above the gallery is half-inch clear glass with a polished edge. There are three drawers in the desk top, and the gallery features three drawers and three open compartments.

100PR-402 Parchment Writing Desk
60.25W x 30.25D x 30H in.

The Parchment writing desk features a brushed brass architectural base and three functional drawers.

SHOWN BELOW:
100RD-404 Mandarin Red Writing Desk
60W x 28D x 30H in.

The brass columnar legs on the Mandarin Red writing desk follow the canted shape of the desk top, which is clad in faux red leather with gold tooling around the perimeter. Custom drawer pulls are brass.

100SM-400 Sea Mist Writing Desk
64.5W x 30D x 30H in.

The Sea Mist desk is elegantly clad in embossed faux Shagreen leather. The frame and decorative cross moldings are finished in a soft ivory coloration. There is one extension file drawer and five storage drawers. Custom pulls are acrylic and chrome.

Gallery features 3 open compartments above 3 drawers; 3 drawers below gallery.
Shown on pages: 17 and 23

StrongArm® 9000-I-BL
The Sligh StrongArm® TV mount is designed to allow monitors up to 70" in width to float above the entertainment console rather than sitting on a bulky base unit. The unit swivels and articulates to accommodate any viewing angle and incorporates wire management without disturbing the integrity of the wall behind the console.

SmartFan® 9001-I-BL
The Sligh SmartFan® is a thermostatically controlled ultra-quiet fan that dissipates heat generated by electronic components in enclosed compartments. Its heat sensor automatically activates the unit when temperatures exceed a pre-programmed tolerance level.

SmartEye®
The Sligh SmartEye® is a small infrared signal receiver. The unit remotely controls electronic components within the piece using a repeater signal, eliminating the need for glass doors or open compartments.

CARING FOR YOUR FURNITURE

Avoid prolonged exposure to direct sunlight or placing plastic or rubber materials directly on the wood surfaces or leather desk tops. Avoid putting hot cups or dishes directly on the wood or leather. Nail polish remover, solvents or alcohol will damage the finish. Wipe up spills of any liquid immediately as they may otherwise mark the finish.

The beauty of Sligh wood furniture and leather top desks can be maintained by periodically using a self-cleaning furniture polish (like Pledge). Self-cleaning furniture polishes maintain luster and provide adequate cleaning under most circumstances.

Brass and other metals are protected with lacquer. Avoid using brass cleaner as it will damage the lacquer. Dust regularly, and for a more thorough cleaning use mild soap and water and dry thoroughly afterwards.

NOTE TO FURNITURE RETAILER:

Possession of this catalog does not constitute authority to purchase, and the furnishing of this catalog does not constitute an offer by Sligh or its parent Lexington Home Brands (LHB) to sell any of the items herein. We reserve the right to alter specifications or retire products at any time without advance notice.
